S-STEM REC

October 9-11, 2026

The S-STEM Scholars & PI Meeting is a nationwide convening of more than 1,0000 students pursuing undergraduate or graduate degrees in STEM and more than 700 faculty and staff engaged in Scholarships in STEM (S-STEM) programs. S-STEM programs aim to maximize success in STEM for academically talented domestic scholars from low-income backgrounds. This meeting provides an opportunity to build community, connect with potential employers and graduate degree programs, engage in professional and career development activities, and present work across a wide array of STEM disciplines.
